

Popcorn Kettle Instructions

1. Turn on All 3 switches so that the lights are green.
2. Allow the Kettle to heat 3 to 4 minutes for the first batch. All subsequent popping the kettle will already be warm for.
3. Cut oil packet along top edge and squeeze oil into kettle.
4. IMMEDIATELY AFTER THE OIL MELTS, cut the corn packet along top edge and add 3 kernels.
5. When they pop, pour in the remaining popcorn and salt into kettle.
6. Close the lid.
7. Empty the kettle immediately after popping stops.
